

AWAY ALLOWANCES

The company will pay for accommodation and food, only when the employee is working away or traveling away from the main office, on work related tasks.

The company will make reasonable allowance for (3) daily meals when a staff member is away from home, on overnight stay. It is impractical to set a daily limit, as this will vary by location and availability of services. The company agrees to consider all reasonable expenses, and expects employees to be considerate of expenditure.

Wherever practical, employees are expected to purchase healthy, nourishing meals.

Ezi-Hose acknowledges that there are locations where such meals are not always available. In some areas only snack food such as hot chips or chocolates may be all that is available. When staying overnight, it is important that you consume a healthy evening meal.

Drinks mean soft drinks and water only. Alcohol consumption is not encouraged due to duty of care. We encourage you to drink at least 2 litres of water per day. In some locations this should be increased considerably to allow for the conditions at hand.

The company will only accept expenses which are considered fair and reasonable in the performance of your duties. Magazines, newspapers, CD's and cigarettes purchases will not be paid by the company.
